

Telecom Industry Published Courses

Course Listing

Page 1 of 6

1. Access to Employee Medical Records
2. Accident/Incident Investigation
3. Assured Equipment Grounding / Bonding / Static Electricity
4. Behavioral Healthcare
5. Behavioral Based Safety
6. Blood borne Pathogens
7. Bolting / Flanging
8. Chemical Handling/Exposure
9. Confined Space –
 - a. Atmospheric Testing
 - b. Entrant / Attendant
 - c. Hotwork
 - d. Permit Required
 - e. Rescue
 - f. Ventilation
10. Asbestos Awareness
11. Aerial Lifts / Boomlifts / Scissor Lifts
12. Banding – metal strapping
13. Bucket Trucks
14. Compressed Air/Gas & Cylinder Safety
15. Crane Inspection, lifting plan / permits, rigging operations
16. Excavation / Trenching / Shoring
17. Flammable Material Handling / Storage
18. Forklifts / JLG / Zoomboom Operator Training
19. General requirements for contractor safety
20. Ground Disturbance
21. Hand Safety

22. Hand Tools
23. Hoses
24. Highway Work Zone Safety
25. Ladders / Scaffolds
26. Machine Guarding
27. Mechanical Power Press
28. Pinch Points / Safeguarding
29. Powered Hand Tools
30. Stairways / Ladders
31. Tools
32. Ventilation
33. Walking Working Surfaces
34. Welding / Brazing / Oxyfuel Gas-Cutting / Flash Zones
35. Control of Work
36. Crisis Preparedness
37. Diving Safety – Open circuit, compressed-air, SCUBA
38. DOT Driver Compliance / Recordkeeping
39. Driver Training (General / Defensive / Inclimate Weather)
40. Drug & Alcohol Prevention / Drug Free Workplace
41. Drug & Alcohol – DOT Compliance
42. Electrical (Arc Flash, High Voltage, Power Generation, Qualified Worker)
43. Electrical Line Worker
44. Employee Development/Wellness
45. Emergency Evacuation
46. Emergency Planning / Community Right to Know (EPCRA)
47. Energy Isolation / Lock Out-Tag Out
48. Environmental Awareness (Air / Water, Waste & Chemicals, EPA Risk)

- Management, RCRA-Small/Large
- 49. Quantity Generators, Storm-water Runoff)
- 50. Emergency Action / Evacuation Plan
- 51. Ergonomics / Musculoskeletal Disorder (MSD) / Back Protection
- 52. Facilities Management
- 53. First Aid / CPR / AED
- 54. Fire Safety 101 / Prevention
- 55. Fire Extinguisher (portable)
- 56. Fit for Duty / Reporting to Work
- 57. General Compliance –
 - a. Exposure Assessment
 - b. Foodborne Illness
 - c. Hand Hygiene
 - d. Heat / Cold Stress
 - e. Hearing Protection
 - f. Housekeeping
 - g. Infection Control
 - h. Labels / Signs / Marking
 - i. OSHA Compliance
 - j. Personal Protective Equipment (Eye, Foot, Hand, Head, Torso)
 - k. Risk Management
 - l. TSCA – (Toxic Substance Control Act)
 - m. Warehouse Safety
 - n. Winter Safety / Survival
- 58. Hazard Communication (HAZCOM)
- 59. Hazard Recognition
- 60. Hazard Recognition Plus (Decision Point® Energy Isolation)

61. Hazardous Materials –

- a. Asbestos
- b. Benzene
- c. Cadmium
- d. Decontamination
- e. Drum Handling
- f. Lead
- g. Material Transportation
- h. Mold
- i. NORM (Naturally Occurring Radioactive Material)
- j. Physical Agents

62. Hazwoper (Awareness, First Responder, Operations, Incident Commander)

63. Hearing Conservation

64. Helicopter Safety / Water Survival

65. Hot Taps

66. Hydrogen Sulfide (H₂S) / Sulfur Dioxide

67. Incident Command Centers / Systems

68. Industrial Hygiene (testing, monitoring, sample surveys)

69. Job Safety Analysis / Task Hazard Assessment

70. Lab Safety

71. Leadership Development

72. Lifting Operations

73. Maritime Safety – Long-shoring & Marine Terminals

74. NDT (Non-Destructive Testing) / Structural Integrity

75. NFPA 70E / Arc Flash Training

76. Non-Ionization Radiation (RF)

77. NORM (Naturally Occurring Radioactive Material)

- 78. OSHA Recordkeeping / Reporting
- 79. Permitting
- 80. Personal Fall Protection – Managed
 - a. Competent Person
 - b. Competent Equipment Inspector
 - c. Industrial Rescue
 - d. Instructor Development
 - e. Structural Climber
 - f. Rope Access Training (Level 1, 2, 3)
- 81. Proactive Safety Attitudes
- 82. Process Line Isolation - block, blank, blind, bleed
- 83. Process Safety Management
- 84. Railcar Safety
- 85. Respiratory Protection
- 86. Rigger Training –
- 87. Rigger Basic – Lifting Operations / Equipment Basics for Drilling Operations
 - a. Rigger Intermediate – 12 Hour Competency Training for Certification
 - b. Rigger Advanced – 20 Hour Qualified Rigger Journeyman
 - c. Rigger Advanced Shipboard – 30 Hour Offshore Journeyman / Ship Repair
 - d. Rigger Supervisor / Lift Leader – 40 Hour Master Rigger / Critical Lift Leader
- 88. Safe Work Practices
- 89. Safety and Skills Advisory Committee (SSAC)
- 90. Scaffold User Training
- 91. Site Security and Access Control
- 92. Snowcat Operations
